

# Arthritis and Rheumatism

Official Journal of the American Rheumatism Association

## CONTENTS

### No. 1

The Autoradiographic Localization and Distribution of Neutron Activated Gold ( $Au^{198}$ ) in Skeletal Tissues and Synovia of Mice <i>Edgar A. Tonna, George Brecher, Eugene P. Cronkite and Irving L. Schwartz</i>	1
A Variant L.E. Cell Factor Reactive Only with "Altered" Nuclear Material..... <i>Kathryn H. Svec and Melvin H. Kaplan</i>	11
Studies on Adjuvant-induced Polyarthritis in Rat. II. Histogenesis of Joint and Visceral Lesions..... <i>Russell S. Jones and John R. Ward</i>	23
Anti-inflammatory and Antipyretic Properties of N-( $\alpha,\alpha,\alpha$ -Trifluoro-m-tolyl)anthranilic Acid (CI-440; Flufenamic Acid) <i>Claude V. Winder, Joan Wax, Benita Serrano, Eldon M. Jones and Mary Lou McPhee</i>	36
Rheumatoid Arthritis of the Cricoarytenoid Joint: A Clinicopathologic Study..... <i>Harry Bienenstock, George E. Ehrlich and Richard H. Freyberg</i>	48
Brief Reports	
Homologous Disease, a Model for Human Autoimmune Disease <i>Peter Stastny, Vernie A. Stembridge and Morris Ziff</i>	64
Birth Order and the Occurrence of Systemic Lupus Erythematosus <i>Alan Lifshay and Morris Siegel</i>	70
Polymyalgia Rheumatica: A Separate Rheumatic Entity? <i>Gerald S. Levey, John P. Carey and John J. Calabro</i>	75
Current Comment: Problems in the Administration of an Exemplary Arthritis Clinic in a Teaching Center <i>Ephraim P. Engleman, Ethelyn Sellinger and Stacy R. Mettier</i>	78
Current Methods of Treatment: Management of the Rheumatoid Patient <i>Hans Waine</i>	83
Discussions: <i>Max M. Montgomery</i> .....	88
<i>Dwight C. Ensign</i> .....	90
A.R.A. News .....	93
Book Reviews .....	95

### No. 2

X-Ray Diffraction Studies of the Tophaceous Deposits in Gout <i>R. Rodney Howell, Edward D. Eanes and J. E. Seegmiller</i>	97
---	----

Anti-Gamma Globulin Factors in Liver Disease	
<i>Lorenzo Bonomo, Joseph LoSpalluto and Morris Ziff</i>	104
Immunologic Studies of the Proteins of Human Synovial Fluid	
<i>Peter H. Schur and John Sandson</i>	115
Anterior Capsulectomy in the Treatment of Rheumatoid Arthritis of the	
Knee Joint..... <i>Masuta Mori and Ryokei Ogawa</i>	130
Historical Essay: An Historical Approach to the Nomenclature of Rheu-	
matoid Arthritis..... <i>Lawrence C. Parish</i>	138
Current Comment	
Rheumatoid Arthritis—An Infection?..... <i>Denys K. Ford</i>	159
Epidemiology of Rheumatoid Arthritis..... <i>John S. Lawrence</i>	166
Brief Report: A Simplified Synovial Biopsy Needle	
<i>Randall H. Parker and Carl M. Pearson</i>	172
Current Methods of Treatment: Physical Medicine in Rheumatoid Ar-	
thritis..... <i>Gordon M. Martin</i>	177
Discussions: <i>Edward W. Lowman</i> .....	182
<i>William H. Kammerer</i> .....	183
Book Review .....	186
Correspondence .....	187
A.R.A. News .....	188

## No. 3

The Rheumatoid Factor Activity of Dextran Eluates of Erythrocytes	
and Platelets.. <i>Gene G. Hunder, John H. Vaughan and Ralph F. Jacox</i>	191
Studies in Latex Agglutination: An Approach to the Determination of	
Optimum Conditions for Discrimination between Rheumatoids and	
Normals..... <i>George W. Brooks and Sidney Cobb</i>	198
Phosphate Transfer Enzymes in Cartilage	
<i>Edward J. Eyring, Carl E. Anderson</i>	
and <i>Julio Ludowieg</i>	208
Interaction of Gold and Penicillamine	
<i>Edward J. Eyring and Ephraim P. Engleman</i>	216
Fatal Atlanto-Axial Luxation in Rheumatoid Arthritis	
<i>William Martel and Murray R. Abell</i>	224
Nodular Rheumatoid Disease of the Lung with Cavitation	
<i>C. D. Noonan, Fletcher B. Taylor, Jr. and Ephraim P. Engleman</i>	232
Current Comment	
Aortitis and Aortic Insufficiency in the Chronic Rheumatic Disorders	
—A Reappraisal..... <i>Nathan J. Zvaifler and Alan M. Weintraub</i>	241
From R.F. to Gm: Justification for Efforts..... <i>Wallace V. Epstein</i>	246
Current Methods of Treatment: Acute Infectious Arthritis	
<i>Glen M. Clark</i>	251
Discussions: <i>Paul H. Curtiss, Jr.</i> .....	252
<i>Harry A. Feldman</i> .....	253
Book Review .....	256
Correspondence .....	256

## American Rheumatism Association:

Selected Abstracts of Papers Submitted to the Annual Meeting, June 1963.....	258
A.R.A. News .....	309

## No. 4, Part I

Presidential Address to American Rheumatism Association—The Crusade against Arthritis: The Role of the American Rheumatism Association <i>Ephraim P. Engleman</i>	311
Ancient Therapeutic Arts in the Gout <i>Gerald P. Rodnan and Thomas G. Benedek</i>	317
Clutton's Joints with Keratitis and Periostitis: A Case Report with His- tory of Synovium..... <i>Ralph J. Argen and Allan St. John Dixon</i>	341
A Double-Blind Comparison of the Anti-Rheumatic Properties of Amo- pyroquin-HCl (Propoquin) and Chloroquine-diphosphate <i>John Lansbury and Hyman Menduke</i>	349
Amopyroquin (Propoquin) in Rheumatoid Arthritis <i>Lee E. Bartholomew and Ivan F. Duff</i>	356
Excretion of a Tryptophan Metabolite in Rheumatoid Arthritis <i>Harry Spiera</i>	364
Brief Report: Serum Urate in Degenerative Joint Disease and Rheumatoid Arthritis..... <i>Walt F. Weaver and Charley J. Smyth</i>	372
Current Comment	
Blood Supply and the Localization of Tetracycline Fluorescence in Arthritic Femoral Heads..... <i>Robert Austin Milch</i>	377
The Immune Globulins..... <i>Edward C. Franklin</i>	381
Aleutian Disease of Mink..... <i>Bernard M. Wagner</i>	386
Current Methods of Treatment: Osteoarthritis..... <i>Edward F. Hartung</i>	389
Discussions: <i>Philip D. Wilson</i> .....	395
<i>J. Sydney Stillman</i> .....	396
Correspondence .....	398
A.R.A. News .....	399

## No. 4, Part II

In Dedication to Russell L. Cecil, M.D.....	vii
Conference Members.....	ix
Introduction .....	401

## RHEUMATOID ARTHRITIS

Section Chairman, *Charles L. Christian*

I. Experimental Production of Rheumatoid Factor Chairman, <i>Ernest Witebsky</i> .....	402
II. The Structure of Rheumatoid Factors Chairman, <i>Henry G. Kunkel</i> .....	414
III. Specificity of Rheumatoid Factor for Genetic Types of Human Gamma Globulin Chairman, <i>Morten Harboe</i> .....	427

IV. Specificity of Rheumatoid Factor with Gamma Globulin of Different Species	
Chairman, <i>John H. Vaughan</i> .....	446
V. The Site of Formation of Rheumatoid Factor	
Chairman, <i>Robert C. Mellors</i> .....	467
VI. Possible Clinical and Pathologic Associations of Rheumatoid Factor	
Chairman, <i>Morris Ziff</i> .....	481
SYSTEMIC LUPUS ERYTHEMATOSUS	
Section Chairman, <i>Henry G. Kunkel</i>	
VII. Experimental Models in Systemic Lupus Erythematosus	
Chairman, <i>Robert A. Good</i> .....	490
VIII. Genetic Studies of Systemic Lupus Erythematosus	
Chairman, <i>Halsted R. Holman</i> .....	513
IX. Serologic Reactions in Systemic Lupus Erythematosus	
Chairman, <i>Peter A. Miescher</i> .....	524
X. Fluorescent Antibody Studies of Systemic Lupus Erythematosus	
Chairman, <i>Jacinto J. Vasquez</i> .....	536
XI. DNA Antibodies	
Chairman, <i>Maxime Seligmann</i> .....	542
XII. Inducing Agents and Relationships to Other Diseases	
Chairman, <i>Lawrence E. Shulman</i> .....	586

## No. 5

Passive Transfer of Antinuclear Activity in Immunologically Tolerant Animals.....	<i>Richard F. Clark, Cecil R. Burkhart and Hampton R. Bates, Jr.</i>	573
Appearance of Anticoagulant Factors and Certain 'Autoimmune' Antibodies Following Antigenic Stimulation with Blood Group Substances in Patients with Systemic Lupus Erythematosus	<i>Salvador B. Zingale, Julio C. Sanchez Avalos, Juan A. Andrada, Sergio G. Stringa and Jorge A. Manni</i>	581
Localization of "Fibrinoid" Deposit in Lupus Nephritis: An Electron Microscopic Demonstration of Glomerular Endothelial Cell Phagocytosis	<i>John T. Browne, Martin P. Hutt, James F. Reger and Stuart W. Smith</i>	599
The Arthritis of Whipple's Disease	<i>John J. Kelly, III and Benjamin B. Weisiger</i>	615
Brief Report:		
An Outbreak of "Infectious" Polyarthritis in a Haida Indian Family	<i>G. E. Price, D. K. Ford, J. P. Gofton and H. S. Robinson</i>	633
Rheumatoid Arthritis in Criminal and Mentally Ill Populations	<i>Norman O. Rothermich and Vol K. Philips</i>	639
Current Comment: The Problem of Standardization in Rheumatoid Arthritis Serology.....	<i>S. Bozsóky</i>	641
Current Methods of Treatment: Rheumatoid Spondylitis	<i>L. Emmerson Ward</i>	650

Discussions: <i>Felix E. Demartini</i> .....	656
<i>Vernon L. Nickel</i> .....	657
Correspondence .....	659
Book Reviews .....	660
A.R.A. News .....	663

## No. 6

Separation of Rheumatoid Factors of Different Specificities using Columns Conjugated with Gamma-Globulin <i>Ralph C. Williams Jr. and Henry G. Kunkel</i>	665
Studies of the Antibody Nature of the Rheumatoid Factor: Reaction of the Rheumatoid Factor with Human Specific Precipitates and with Native Human Gamma-Globulin..... <i>K. Aho and K. Simons</i>	676
Effect of Aspirin on Circulatory Responses to Catecholamines <i>Esther A. Strom and Jay D. Coffman</i>	689
Adrenal Medullary Function in the Connective Tissue Disorders <i>Alice E. Fruehan and Thomas F. Frawley</i>	698
Histologic Study of Synovial Tissue Following Oral and Intra-articular Administration of Phenylbutazone <i>George E. Gantner, Jr., John J. Budd, Jr., Robert H. Ramsey and Jack Zuckner</i>	711
Rheumatoid Arthritis with Serologic Evidence Suggesting Systemic Lupus Erythematosus: Clinical, Serologic and Chromatographic Studies <i>Robert F. Willkens and John L. Decker</i>	720
Current Comment: Concepts of Calcification..... <i>David S. Howell</i>	736
The Problem of Measuring the Host Response to the Rheumatoid Process..... <i>John Lansbury</i>	743
Current Methods of Treatment: Rheumatoid Deformity of the Foot <i>Leonard Marmor</i>	749
Discussions: <i>Carroll B. Larson</i> .....	752
<i>Frederick W. Rhinelanders</i> .....	753
<i>Mack L. Clayton</i> .....	754
W. Paul Holbrook, M.D., 1898-1963.....	756
Reviews .....	758
Correspondence .....	759
American Rheumatism Association: Papers Submitted to the Interim Scientific Meeting, December 1963..	760
A.R.A. News .....	801

## INDEX OF AUTHORS

- Abell, M. R., 224  
 Aho, K., 676  
 Anderson, C. E., 208  
 Andrada, J. A., 581  
 Argen, R. J., 341  
 Avalos, J. C. S., 581  
  
 Bartholomew, L. E., 356  
 Bates, H. R., Jr., 573  
 Benedek, T. G., 317  
 Bienenstock, H., 48  
 Bonomo, L., 104  
 Bozsóky, S., 641  
 Brecher, G., 1  
 Brooks, G. W., 198  
 Browne, J. T., 599  
 Budd, J. H., Jr., 711  
 Burkhart, C. R., 573  
  
 Calabro, J. J., 75  
 Carey, J. P., 75  
 Clark, G. M., 251  
 Clark, R. F., 573  
 Clayton, M. L., 754  
 Cobb, S., 198  
 Coffman, J. D., 689  
 Cronkite, E. P., 1  
 Curtiss, P. H., Jr., 252  
  
 Decker, J. L., 720  
 Demartini, F. E., 656  
 Dixon, A. St. J., 341  
 Duff, I. F., 356  
  
 Eanes, E. D., 97  
 Ehrlich, G. E., 48  
 Engleman, E. P., 78, 216, 232, 311  
 Ensign, D. C., 90  
 Epstein, W. V., 246  
 Eyring, E. J., 216, 208  
  
 Feldman, H. A., 253  
 Ford, D. K., 159, 633  
 Franklin, E. C., 381  
 Frawley, T. F., 698  
 Freyberg, R. H., 48

## INDEX OF SUBJECTS

(Page numbers in *italics* refer to abstracts)

- Adenine nucleotides, platelet metabolism of, 283, 778  
 Adjuvant arthritis  
     ear changes in, 780  
     immunosuppressive agents in, 796  
     polyarthritis, 23-34  
     transfer by spleen or lymph node cells, 787  
 Adrenal medulla, in connective tissue disorders, 270, 698-709  
 Aleutian mink disease, 302, 386-388  
 American Rheumatism Association  
     Ann Arbor Institute, 309  
     awards, 94  
     by-laws revisions, 309  
     European rheumatism news, 801  
     Graham, J. Wallace, 93  
     international news, 310  
     Jones Memorial Award, 310  
     meeting in 1964, 801  
     membership application forms, 189  
     Pan-American Congress, 94, 801  
     proceedings of Annual Meeting, 258-308  
         abstracts from, 760-800  
         rheumatology course, 94  
         Richmond Interim Session, 93  
         role of Association, 311-315  
         Schmitt, Francis O., 310  
         Whedon, C. Donald, 189  
         workshops, 188  
 Amyloidosis  
     model of, 278  
     renal, and rheumatoid arthritis, 263  
 Anemia  
     hemolytic, agglutinating factor eluted from erythrocytes in, 264, 763  
     of rheumatoid arthritis, 288  
 Antibodies  
     anticytoplasmic, in lupus erythematosus and infectious hepatitis, 305  
     in connective tissue disease, 762  
     DNA antibodies, 542-556  
         in hyperimmunized rabbits, 766  
         in lupus erythematosus, 265  
     fluorescent antibody studies of lupus erythematosus, 536-541  
     globulins, characterization of, 273  
     in nephrotoxic serum nephritis, 794  
     19S and 7S, against endotoxin, 791  
     Rh, antigenic heterogeneity of, 773  
     role in transplantation immunity, 269  
     secondary response, RNA role in, 793  
     Antibody nature of rheumatoid factor, 676-687  
     Anticoagulant factors, in lupus erythematosus, 581-596  
     Anti-gamma globulin factors in liver disease, 104-113  
     Anti-globulins, abnormal, in ulcerative colitis, 287

- Antimalarials, ocular complications of, 258
- Antinuclear activity, passive transfer of, 573-579
- Antinuclear factor, in rheumatoid arthritis, 266, 761
- Antinuclear globulin, in normal serum, 292
- Aortitis and aortic insufficiency, with rheumatic disease, 241-244
- Arthritis
- adjuvant. *See* Adjuvant arthritis
  - administration of clinic, 78-81
  - between ages 16 to 20, 259
  - in enteritis, regional, 260
  - hereditary degenerative joint disease, 797
  - induced by streptolysin S, 797
  - infectious
    - polyarthritis, 633-638
    - resistance to during gamma globulin hiatus, 273
    - treatment of, 251-254
  - osteoarthritis
    - of hip joint, etiological therapy of, 780
    - treatment of, 389-394
  - polyarthritis
    - adjuvant-induced, 23-34
    - histogenesis of joint and visceral lesions, 23-34
    - infectious, 633-638
    - psoriatic, cervical spine in, 268, 281
    - rheumatoid. *See* Rheumatoid arthritis
    - sarcoidosis with, 763
      - failure of hydroxychloroquine sulfate in, 776
    - in ulcerative colitis after ileostomy, 287
    - of Whipple's disease, 615-629
- Ascorbic acid, effects on rheumatoid factor, 305
- Aspirin, and response to catecholamines, 689-696
- Atlanto-axial luxation, fatal, in rheumatoid arthritis, 224-230
- Baker's cysts, 273
- Biopsy needle, synovial, 172-175
- Book reviews
- Autoimmune Diseases, Pathogenesis, Chemistry and Therapy (*Mackay & Burnet*), 660
  - Biochemistry of Hereditary Myopathies, (*Dreyfus*), 661
  - Biochemistry and Medicine of Mucopolysaccharides (*Egami & Oshima*), 186
  - Chemistry and Therapy of Collagen Diseases (*Neustadt*), 758
  - Corticosteroids in Medical Practice (*Brandon*), 660
  - Diagnosis and Surgical Management of Diseases of the Temporomandibular Joint (*Sarnat & Laskin*), 256
  - The Immunology of Rheumatism (*Kwapinski & Snyder*), 95
  - Pleural Effusion (*Sulavik & Katz*), 661
  - Selective Bibliography of Orthopaedic Surgery, 96
  - Die Serologie der Chronischen Polyarthritis (*Müller*), 95
  - Bursa, suprapatellar, cellular responses to foreign protein in, 776
  - Calcification, 736-740
  - Calcinosis, articular, 282
  - Calcium metabolism, diet and exercise affecting, 292
  - Capillaries in joint capsule, 794
  - Capsulectomy, anterior, in rheumatoid arthritis, 130-136
  - Carbohydrate components of bovine nasal cartilage residue, 790
  - Carpal tunnel syndrome, and rheumatoid arthritis, 298
  - Cartilage
    - articular, estimating health of, 783
    - bovine nasal, carbohydrate components of, 790
    - calcifying, 278
    - catabolic enzyme activity in, 266
    - ions and viscous solutions affecting elasticity, 299
    - phenylbutazone affecting S<sup>35</sup> incorporation into, 267
    - phosphate transfer enzymes in, 208-213
    - protein polysaccharides from, 294
    - ribonucleic acid synthesis in, 286, 783
  - Catecholamines, aspirin affecting responses to, 689-696
  - Ceruloplasmin content of synovial fluid, in rheumatoid arthritis, 289
  - Cervical spine changes, in arthritis with psoriasis, 268, 281
  - Chloroquine
    - DNA complex, 767
    - metabolism of, 799
    - propranolol compared with, 349-354
    - retinopathy from, 798
  - Chlorothiazide, effects on uric acid and phosphorus metabolism, 769
  - Cholesterol
    - crystals in synovial fluid, 303
    - normocholesterolemic nephrotic syndrome of lupus erythematosus, 297
    - serum, sulfapyrazone affecting, 781
  - Chondritis, relapsing, 282

- Chondroitin sulphate, regulation of synthesis, 277
- Chondromucoprotein, antigenicity of, 305
- Chromosome analysis in scleroderma, 772
- Clinic, arthritis, administration of, 78-81
- Clot lysis test for rheumatoid arthritis, 270
- Clutton's joints with keratitis and periostitis, 341-347
- Colchicine trial, defense of, 297
- Colitis, ulcerative, and arthritis, 287
- Complement components
  - in synovial fluids, 308
  - in systemic lupus erythematosus, 795
- Connective tissue
  - dermal, permeability of, hypophysectomy affecting, 268
  - diseases
    - adrenal medulla in, 270, 698-709
    - antibodies in, 762
    - indomethacin therapy, 290
    - serum sulfhydryl determination in, 285
    - stilbestrol and glucocorticoid effect, 284
- Côp, Drago, 759
- Copper content of synovial fluid in rheumatoid arthritis, 289
- Cortisol, and chemistry of inflammation, 776
- Cricothyroid joint, rheumatoid arthritis of, 48-62
- Crystal induced inflammation, 764
- Cupric ion, and enhancement of sulfhydryl disulfide interchange reaction, 774
- Cysts, Baker's, 273
- Cytomegalic inclusion virus excretion, with hypogammaglobulinemia and thymoma, 279
- Deoxyribonucleic acid
  - antibodies, 542-556
    - in hyperimmunized rabbits, 766
    - in lupus erythematosus, 265
    - chloroquine-DNA complex, 767
- Dextran eluates, rheumatoid factor activity of, 191-197
- Diet affecting calcium metabolism, 292
- Ear changes in mycobacterial adjuvant disease, 780
- Electron microscopy of synovial membrane, 261
- Emotional stress, and peripheral vasoconstriction, 300
- Enovid, in rheumatoid patients, 796
- Enteritis, regional, arthritic manifestations of, 260
- Epinephrine, aspirin affecting responses to, 689-696
- Erythrocytes
  - agglutinating factor eluted from, 264, 763
  - dextran eluates, rheumatoid factor activity of, 191-197
- Esophagus, sclerodermatous, 301
- Exercise affecting calcium metabolism, 292
- Eyes
  - antimalarials affecting, 258
  - retinopathy from chloroquine, 798
  - in rheumatoid arthritis, 773
- Felt's syndrome, 275
- Femoral heads, arthritis, tetracycline localization in, 377-379
- Ferritin uptake by synovial membrane, 289
- Fever of juvenile rheumatoid arthritis, 265
- Fibrinoid deposit, in lupus nephritis, 599-612
- Fibrosis, pulmonary, diffuse interstitial, 300
- Film review
  - The Examination of Joints (*Bilka*), 758
- Flufenamic acid, 36-47
  - drugs compared with, 307
- Fluoride sodium, in urticaria pigmentosa with osteoporosis, 262
- Foot, rheumatoid deformity of, 749-755
- Geriatrics
  - immunologic studies, 782
  - urinary hydroxyproline in aged, 779
- Globulins
  - antibody, characterization of, 273
  - anti-globulins, abnormal, in ulcerative colitis, 287
  - antinuclear
    - autoantibody-like, in A/J mice, 773
    - in normal serum, 292
  - gamma globulin
    - anti-gamma globulin factor in liver disease, 104-113
    - buried antigenic sites of, 792
    - and chromatographic fractionation of rheumatoid arthritis serum, 786
    - deficiency with thymoma, 279
    - heavy and light chains of, 798
    - hiatus, and absence of infectious arthritis, 273
    - hypothalamic role in control of levels, 771
